Please Note:

These requirements also apply to extensions and change of employment endorsements.

Length of approval

Governing Body Endorsements should be issued for a period appropriate to the period of approval for sponsorship or the tier under which the application is being made, that is:

As a Sponsor

Tier 2 or Tier 5 - for 4 years. All new sponsors must be an organisation and not a private individual e.g. a club or team.

Migrant Tier 2 (Sportsperson)

Initial application - length of contract or up to 3 years' maximum, whichever is the shorter period.

Extension application - length of contract or up to 3 years' maximum, whichever is the shorter period. Changes of employer possible.

Migrant Tier 5 (Temporary Worker – Creative and Sporting)

Length of contract or up to 12 months, whichever is the shorter period. Extension applications are possible up to a total of 12 months in this category e.g. player sponsored for 4 months then a further 8 months' extension is possible. Changes of employment possible only if the migrant has not already spent 12 months in this category.

If stated in their governing body endorsement requirements, governing bodies may endorse an individual for a shorter period than the employment contract e.g. a season. If this is the case, the individual must be made aware that their certificate of sponsorship and consequently entry clearance or leave to remain will be limited to the length of the endorsement and will not be for the length of the contract.

Should there be a dispute which cannot be resolved, it will be referred to a panel of the Chief Executive and two members of the HPA Council.
